

**ROSSFORD JUNIOR HIGH
HANDBOOK**

**ROSSFORD EXEMPTED VILLAGE
SCHOOLS BOARD OF EDUCATION
DISTRICT PHILOSOPHY**

The Rossford Exempted Village Board of Education believes that the essence of public education involves the provision of programs and curriculum that meet student needs through the mission statement. The statement is considered to be of equal importance in the development and implementation of school curriculum and the planning of school programs.

The mission of the Rossford Exempted Village Schools is to educate and graduate all students to become creative, productive and respected members of society. The Board of Education of the Rossford Exempted Village Schools promotes the development of curriculum with consideration for the mission statement, which is a developmentally sequential continuum of skills. Program development utilizing the mission statement must also include provisions for the exceptionality of children.

Curriculum and programs developed with consideration for the above mission will reflect the values of the society during the time of its inception. Therefore, program and curriculum development remain fluid in order to respond to society trends. Each of these considerations work in concert to help to produce independent, capable and confident individuals as productive participants in our society.

The Rossford Board of Education affirms that no person shall, on the basis of sex, race, color,

national origin or handicap, be excluded from participation in, denied the benefits of, or subjected to discrimination under any educational program or activity conducted under its auspices. This shall extend to employees. Inquiries concerning the application of this policy may be referred to the superintendent or designated coordinator. This policy shall prevail in board policies concerning school employees and students.

1. Students have safe, secure and well-maintained conditions for learning
2. Achieve and maintain the highest academic excellence as described by the Ohio Department of Education

Rossford Junior High Mission Statement

The mission of Rossford Junior High School is to be successful, respectful, and responsible in the learning environment.

FOREWORD

This handbook was developed to answer many of the commonly asked questions that you and your parents may have during the course of a school year. Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for you and your parent's use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your principal at the junior high.

GENERAL INFORMATION

Enrolling in the School

Students are expected to enroll in the attendance district in which they live. Students that are new to Rossford Junior High School are required to enroll with their parents or legal guardian. When enrolling, the parents will need to bring:

- A birth certificate or similar document
- Custody papers from court-if appropriate
- Proof of residency
- Proof of immunizations

In some cases, a temporary enrollment may be permitted. If that is done, the parents will be told what

records are needed to make the enrollment complete. Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. The Guidance Office will assist in obtaining the transcript, if not presented at the time of enrollment.

Equal Education Opportunity

It is the policy of this district to provide an equal education opportunity for all students.

Any person who believes that the school or any staff person has discriminated against a student on the basis of race, color, creed, disability, religion, gender, age, ancestry, national origin, or other protected characteristics as well as place of residence within district boundaries, or social or economic background, has the right to file a complaint. A formal complaint can be made in writing to the School District's Compliance Office listed here:

601 Superior Street, Rossford, Ohio 43460

The complaint will be investigated and a response, in writing, will be given to the concerned person within 10 days. Under no circumstances will the district threaten or retaliate against anyone who raises or files a complaint.

Injury and Illness

All injuries must be reported to a teacher, nurse and the office. If a minor, the student will be treated and may return to class. If medical attention is required, the nurse and office will follow the school's emergency procedures.

A student who becomes ill during the school day should request permission from the teacher to go to the office. The nurse and office will determine whether or not the student should remain in school or go home. No student will be released without parental permission.

Every student must have an emergency medical form on file.

STUDENT SERVICES

Announcements

All announcements regarding the events for the day will be read over the P.A. each day or delivered via video. Students who wish to have announcements read must have the notices approved by their advisors and have it in the school office by 7:40 a.m.

Guidance

Guidance and counseling services are available to help each student in his/her social, educational, vocational, and personal development. Individual conferences with students are encouraged and should be scheduled when necessary.

Locker Assignments

Each student will be assigned a locker when they receive a schedule for the year. Lockers should be kept neat and clean. Use only the locker assigned to you. Padlocks may be purchased in the junior high school office and are the only type of lock permitted on student lockers. Locks that are not school issued will be cut off and removed. Do not give your combination to another person. The school lockers are the property of the Board of Education and all lockers and the contents therein are subject to random searches at any time.

Student Valuables

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment such as cell phones, etc., are tempting targets for theft and extortion. The school cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

Video Surveillance and Electronic Monitoring

In order to promote student and staff safety, and deter unauthorized access and destructive acts (e.g., theft and vandalism); in order to protect Board property, promote security and protect the health, welfare and safety of students, staff and visitors, the Board of Education authorizes the use of video surveillance and electronic monitoring equipment on school property, and in school buildings and school buses. Information obtained through video surveillance/electronic monitoring may be used to identify intruders and persons breaking the law, Board policy, or the Student Code of Conduct (i.e., it may be used as evidence in disciplinary actions and criminal proceedings).

Parental Conferences

Parent/guardians may make appointments for conferences with teachers, counselors, or the school principal by telephoning the school office. School officials may also wish to schedule conferences by contacting the parent/guardian.

Interim Reports

Student interim reports will be available at the midpoint of each grading period but may be sent any time.

Report Cards

Junior High report cards are mailed out every nine weeks.

Student Accident Insurance

Student accident insurance is available for students. Forms are available in the office. The school does require that athletes and students enrolled in potentially dangerous lab courses either secure the student accident insurance or have their parent or guardian sign a waiver provided by the school.

Textbooks

The Rossford Board of Education loans all textbooks to the student without costs. Textbooks are to be kept clean and handled carefully. Please write your name on the inside cover so that it can be returned if misplaced. Students will be charged for loss or damage. Books are numbered, and at the end of the year each student is responsible for the book he or she was assigned.

Fees and Fines

Charges may be imposed for loss, damage or destruction of school apparatus, equipment, musical instruments, library materials, and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

WITHDRAWAL FROM SCHOOL

No student under the age of 18 will be allowed to withdraw from school without written parental consent.

IMMUNIZATIONS

Each student must have the immunizations required by law or

have an authorized waiver. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State Law. Any question about immunizations or waivers should be directed to the school nurse.

CONTROL OF CASUAL CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate students who have been ill or have been exposed to a communicable disease or highly transient pest, such as lice.

Specific diseases include: diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella and other conditions indicated by the Local and State Health Departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

Conjunctivitis (Pink Eye)

Symptoms usually include matting of the eye, inflammation and discharge from the eye. The child may return to school twenty-four (24) hours after antibiotic treatment has begun.

Skin Lesions

Children suspected of having impetigo or ringworm should not be in school until all lesions are healed

or until a written note from a physician to the contrary is produced.

Temperature

A child with an oral temperature of 100 or more will be sent home. He or she should not return to school until the temperature has been normal for twenty-four (24) hours without fever relief medication.

Head Lice

If the problem is detected while in school, the child will be sent home. He or she will be permitted to return to school after treatment has been completed and all nits have been removed. The child will be checked by school personnel prior to reentering school. We follow the Ohio Department of Health's guidelines for a nit-free environment.

CONFIDENTIALITY OF MEDICAL INFORMATION

It is important that the school nurse know your child's medical and psychosocial history. Disclosure of this information is given only to school personnel who care for your child. This disclosure is for the child's safety and health and is protected by the Privacy Act. Only school staff and the child's parents or guardians have access to the records.

CONTROL OF NON-CASUAL CONTACT COMMUNICABLE DISEASES/BLOOD BORNE PATHOGENS

In the case of non-casual contact, communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his or her status reviewed by a panel of resource

people, including the County Health Department, to insure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human-Immunodeficiency), Hepatitis B, and other diseases that may be specified by the State Board of Health. As required by Federal law parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

Medication

The Rossford Board of Education's policy concerning the administration of medication to students is based on Ohio law.

1. Prescription Drugs

An Authorization For The Administration Of Medicine form must be completed and signed by a licensed prescriber and parent or guardian with the date, student's name, dosage and time of intervals. The medication must be in the original container with the student's name and instructions clearly stated on the outside. (Prescription drugs not in their original container will not be administered).

2. Inhalers

Ohio law permits students to carry asthma inhalers with the written consent of the parent and licensed prescriber. The completed authorization form must be on file in the school clinic.

3. Nonprescription Drugs

An Authorization For The Administration Of Medicine form must be completed and signed by a licensed prescriber and parent or guardian. The student's name and instructions must be clearly stated on the container or package. Medicine must be in the original container for proper identification. Parents or guardians may come to the school and administer medication to their child. Should you choose this option, please come to the office when you want to administer medication; we will call your child from the classroom.

SPECIAL EDUCATION

The Rossford Schools provide a variety of Special Education programs for students identified as having a disability defined by the Individuals with Disabilities Education Act (IDEA). A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school wants the parent to be an active participant. To inquire about the procedure or programs a parent should contact: 666-4267.

AMERICANS WITH DISABILITIES ACT SECTION 504

The American's with Disabilities Act (A.D.A.) requires the school to ensure that no individual will be

discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals. Students with disabilities may be served within the regular education program with an accommodation plan developed by school staff. Parents, who believe their child may have a disability that substantially limits the child's ability to function properly in school, should contact the principal.

TITLE 1

Rossford Junior High School is a Title 1 building. Title 1 is a Federal aid program through which Ohio school districts receive funding to provide supplemental instruction for those students who qualify. The allocation of funds for each school district is based on a legislative formula dependent upon the distribution of low-income children and state per-pupil expenditures of income. Focused assessment throughout the school year provides classroom teachers and academic intervention assistants to provide interventions to meet the specific needs of each child.

TITLE 1 STAFF

In accordance with recent federal legislation, the No Child Left Behind Act (NCLB), school districts that receive Title 1 federal funds are required to notify parents of their right to request information regarding the professional qualifications of their child's teacher including degrees and certifications held and whether the teacher is certified in the area he/she is teaching. If you wish to receive this information, please contact the principal at your child's building.

STUDENT RECORDS

The Board is responsible for the records of all students who attend or have attended schools in this District. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the School District or specifically, permitted by this Board will be compiled by Board employees.

In all cases, permitted, narrative information in student records shall be objectively based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, designated school officials, and personnel, not including Board members, who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child).

Both parents shall have equal access to student records unless stipulated otherwise by court order or law. A school official is a person employed by the Board as an administrator, supervisor, teacher or instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task (such as an attorney,

auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks (including volunteers).

"Legitimate educational interest" is defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the District" or if the record is necessary in order for the school official to perform an administrative, supervisory, or instructional task or to perform a service or benefit for the student or the student's family.

The Board authorizes the administration to:

- A. Forward student records on request to a school district in which a student of this District is enrolled, seeks or intends to enroll, or is instructed to enroll, on a full-time or part-time basis, upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record.
- B. Provide "personally-identifiable" information to appropriate parties in connection with an emergency if such knowledge is necessary to protect the health and safety of the student or other individuals.
- C. Report a crime committed by a child with a disability to appropriate authorities and to transmit copies of the student's special education and

disciplinary records to the authorities for their consideration.

- D. Request each person or party requesting access to a student's record to abide by Federal regulations and State laws concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, or otherwise restricted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of educational records will receive explanation and interpretation of the records. Only "directory information" regarding a student shall be released to any person or party, other than the student or his or her parent, without the written consent of the parent.

DIRECTORY INFORMATION

Each year the Superintendent shall provide public notice to students and their parents of its intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information": a student's name, address, date and place of birth, major field of study, participation in officially-recognized activities and sports, height and weight, if a member of an athletic team, dates of attendance, date of graduation, awards received, honor rolls,

scholarships, telephone numbers only for inclusion in school or PTO directories.

Directory information shall not be provided to any organization for profit-making purposes.

Parents and adult students may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board within twenty (20) days after receipt of the Superintendent's annual public notice.

Whenever parental consent is required for the inspection or release of a student's health or educational records or for the release of directory information, either parent may provide such consent unless otherwise agreed in writing by both parents or specifically stated by court order. If the student is under the guardianship of an institution, the Superintendent shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent.

FREE AND REDUCED LUNCH PROGRAM

Rossford Schools participate in the Free and Reduced Lunch Program. Families are encouraged to complete the application. The information is confidential and names will not be given out. The applications are available in the school office and the cafeteria.

REVIEW OF INSTRUCTIONAL MATERIALS

Parents have the right to review any instructional materials being

used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal.

EMERGENCY CLOSINGS AND DELAYS

If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will notify the following television stations:

Channel 11, Channel 13 and Channel 24

Parents may sign up for Instant Alert (internet based) for notification and communication. Contact the school office for information. Parents and students are responsible for knowing about emergency closings and delays.

VISITORS

Visitors, particularly parents, are welcome at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to obtain a pass. Any visitor found in the building without a pass shall be reported to the principal. If a person wishes to confer with a member of the staff, she or he should call for an appointment prior to coming to the school, in order to prevent any inconvenience.

Students may not bring visitors to school without first obtaining written permission from the principal.

STUDENT ACTIVITIES

Participants in school activities are expected to abide by the

principles of the Rossford Athletic/Co-Curricular Code. Participation may be modified or denied due to violations of activity rules or school rules.

Extra-Curricular Eligibility

For a student to participate in extra-curricular activities, he or she must maintain a 1.7 quarterly G.P.A. and have no more than one F. The student must also earn enough credits each year to advance to the next grade.

A participant in after-school activities is expected to be in classes the entire day. Truancy for any part of the school day will result in non-participation that day or evening. A student serving an in-school or out-of-school suspension may not participate during those days or evenings.

If a student misses any part of the school day or an excused reason other than personal illness, they may participate that day if proper notification procedures for an excused absence were followed. If a student is ill the day of an activity, they may not participate if they have not reported in by 11:00 a.m.

Sportsmanship

Each student attending athletic events must practice good sportsmanship by considering visiting teams and fans as guests and treating them as such. Students should respect the rights of all spectators, respect the decisions of officials and support the cheerleaders with positive enthusiasm. Remember, it is better to say nothing than to say something derogatory about any participant, official or spectator. The use of profanity, or profane cheers,

throwing objects, or any other disruptive acts will be reason to remove an individual from the athletic contest and may also warrant school discipline.

NON-SCHOOL SPONSORED CLUBS AND ACTIVITIES

Non-school sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved during school hours in the event, that the event will not interfere with school activities, and that non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society as prescribed by law is not permitted. All groups must comply with school rules and must provide equal opportunity to participate. No non-district sponsored organization may use the name of the school or school mascot.

ATTENDANCE

Attendance, Tardiness, Truancy

The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session or during the attendance

sessions which s/he has been assigned.

A student in grades 9 through 12 may be considered a full-time equivalent student provided the student is enrolled in at least five (5) units of instruction, as defined by State law, per school year.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a written statement of the cause for such absence. The Board of Education reserves the right to verify such statements and to investigate the cause of each single absence or prolonged absence.

Repeated infractions of Board policy on attendance may result in suspension, expulsion, or alternative placement.

Excused and Unexcused Absence

Students are expected to be in regular attendance. The Board considers the following factors to be reasonable excuses for time missed at school:

- A. Personal illness (a written physician's statement verifying the illness may be required)
- B. Illness in the family necessitating the presence of the child.
- C. Quarantine of the home
- D. Death in the family
- E. Necessary work at home due to the absence or incapacity of parent(s)/guardian(s)

- F. Observation or celebration of a bona fide religious holiday.
- G. Out of state travel (up to a maximum of (24) hours per school year that the student's school is open for instruction to participate in a District-approved enrichment or extracurricular activity. Any classroom assignment missed due to the absence shall be completed by the student. If the student will be absent for twenty-four (24) or more consecutive hours that the student's school is open for instruction, a classroom teacher shall accompany the student during the travel period to provide the student with instructional assistance.
- H. Such good cause as may be acceptable to the Superintendent/designee

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that s/he reports to such staff member s/he is assigned for guidance at the place in which s/he is conducting study, and regularly demonstrates progress

toward the objectives of the course of study.

A student will be considered habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or for seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student who is otherwise habitually truant include but are not limited to:

- A. The student was enrolled in another school district;
- B. The student was excused from attendance in accordance with R.C. 3321.04; or
- C. The student has received an age and schooling certificate

If a student is habitually truant and the student's parent has failed to cause the student's attendance, the Board authorizes the Superintendent to file a complaint with the Judge of the Juvenile Court and/or to take any other appropriate intervention actions as set forth in this Board's policy.

If a student who is habitually truant violates the order of a Juvenile Court regarding the student's prior adjudication as an unruly child for being a habitual truant, s/he may further be adjudicated as a delinquent child.

In order to address the attendance practices of a student who is habitually truant, the Board authorizes the Superintendent to take any of the following intervention actions:

- A. Assign the student to a truancy intervention program.

- B. Provide counseling to the student.
- C. Request or require the student's parent to attend a parental involvement program.
- D. Request or require a parent to attend a truancy prevention mediation program.
- E. Notify the Registrar of Motor Vehicles of the student's absences.
- F. Take appropriate legal action.
- G. Assignment to an alternate school (Note: If the District has established an alternate school, it must appear as an alternative intervention strategy.)

The Superintendent is authorized to establish an educational program for parents of truant students which is designed to encourage parents to ensure that their children attend school regularly. Any parent who does not complete the program is to be reported to law enforcement authorities for parental education neglect, a fourth class misdemeanor if found guilty.

The Superintendent shall develop administrative guidelines that:

- A. Establish proper procedures so the student and his/her parents are provided the opportunity to challenge the attendance record prior to notification and that such notification complies with R.C. 3321.13 (B)(2);
- B. Establish a school session which is in conformity with the requirements of the rules of the State Board;

C. Govern the keeping of attendance records in accordance with the rules of the State Board;

D. Identify the student who is habitually absent, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests;

E. Provide students whose absence has been excused have an opportunity to make up work they missed and receive credit for the work, if completed;

F. Refer for evaluation any student who, due to a specifically identifiable physical or mental impairment, exceeds or may exceed the District's limit on excused absence to determine eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973, or other appropriate accommodation.

Whenever any student of compulsory school age has sixty (60) consecutive hours in a single month or a total of ninety (90) hours fifteen of unexcused absence from school during the school year, s/he will be considered habitually absent. The Board authorizes the Superintendent to inform the student and his/her parents, guardian, or custodian of the record of excessive absence as well as the District's intent to notify the Registrar of Motor Vehicles, if appropriate, and the Judge of the Juvenile Court of the student's excessive absence.

Credit for make up work will be issued only for excused absences.

Convenience Absence

Absence from school for student or parental personal convenience is not an excused absence and not provided for under attendance laws of Ohio. A form for this purpose is available in the office and must be completed by the student three days prior to the absence. Please refer to attendance rules on excused or unexcused absences. Arrangements for make up work must be made with each teacher and completed by the second day he or she returns to school.

Rules Governing Attendance

When a student is absent, the parent or guardian will telephone the office before 8:30 a.m. to explain the student's absence. When the student returns to school, the parent or guardian will provide a written note. If a note is forgotten, one day's grace will be granted. After that one day, if no note is provided, the absence will be considered truant.

Requests for release from school for professional appointments must be made in writing and must list the physician's or dentist's name.

Excessive Absence

When any student accumulates excessive absences, the parent or guardian will receive a written notice. When ten (10) days of absence are accumulated a parental conference may be requested. After fifteen (15) days, a doctor's excuse may be required to excuse an absence. Once a student has reached this point, any absence without the required excuse will be considered truant and referred to the Wood County Courts.

Truancy

Truancy is interpreted as absence from school or a class without legitimate reasons or authorization, or not being in an assigned location.

Tardiness

Tardiness shall be accumulated in two areas: 1) to school and 2) to class. Tardiness to school shall be interpreted as tardiness to school at the beginning of the school day. A student tardy to school should report directly to the school office. Any student tardy to school after first period will be considered truant.

Tardy To School

Student will be excused tardy or late to school when the school is provided a written excused note from the parent for reasons of illness, funeral, medical appointments, and religious reasons.

Unexcused Tardiness to School Before 8:30 a.m.

- 1st and 2nd accumulations of 4 unexcused tardys will result in detention.
- 3rd and 4th accumulation of 4 unexcused tardys will result in a Saturday School.
- 5th accumulation of 4 tardys may result in an in-school suspension.
- Any further unexcused tardiness may result in suspension.

Unexcused Tardiness to School After 8:30 a.m.

Students reporting to school after 8:30 a.m. are more than tardy to school, they are late. Students who are unexcused late will be assigned a detention. In addition, each unexcused lateness will count towards the accumulation as listed

under “Unexcused Tardiness to School Before 8:30 a.m.”

Make-Up Class Work

When a student has been absent for excused reasons the student is responsible for securing his or her assignments for make-up work. Generally students will be allowed as many days to make up work, as he or she was absent with a maximum of five (5) days. In the case where a student is absent for one day only, and a test was given that day, the student will generally be expected to take the make-up test the day he or she returns. In the case of an illness of more than three days the student or parent or guardian may call the guidance office for assignments. Some flexibility for make-up will be permitted for extended illness.

A student serving an out-of-school suspension will not receive credit for work made up.

Permission to Leave School

Students will not be allowed to leave school unless the student has prior approval from the school office. If a student has an appointment during school hours, he or she must bring a note from the parent or guardian stating the reason for leaving and the time. This excuse must be turned into the office prior to the beginning of the school day on the day for which the excuse is written. At the time a student leaves he or she should sign out from the office and receive a pass from the office. Upon returning to school, the student must report to the office. Failure to follow the procedure above will result in the student being considered truant from school.

STUDENTS RIGHTS AND RESPONSIBILITIES

The Rossford District recognizes that:

- The primary intent of society, in establishing the public school is to provide an opportunity for learning.
- The students have full rights of school citizenship.
- These school citizenship rights must not be abridged, obstructed, or in other ways altered, except in accordance with due process of law.
- The students must learn to accept responsibilities and limitations that accompany these rights of school citizenship.
- Education is a basic right of every citizen. It is not, however, an absolute right.

DUE PROCESS RIGHTS

Before a student may be suspended or expelled from school, there are specific procedures that must be followed.

Suspension From School

When a student is being considered for a suspension of ten days or less, the administrator in charge will notify the student of the charges. The student will then be given an opportunity to explain his or her side and the administrator will then provide the student the evidence supporting the charges. After that informal hearing the principal will make a decision whether or not to suspend. If a student is suspended, she or he and his or her parents will be notified, in writing within one day, of the reason for and the length of the suspension. The suspension may be appealed within ten days

after receipt of the suspension notice to the superintendent. The request for an appeal must be in writing. During the appeal process, the student shall not be allowed to remain in school.

The appeal shall be conducted in a private meeting and the student may be represented. Sworn, recorded testimony shall be given.

When a student is suspended to Bowling Green's In-School Suspension Program at the Juvenile Detention Center, she or he may make up work missed after the return to school. A student serving an out-of-school suspension will not receive credit for made up work. Any learning that cannot be made up such as labs, field trips, skill practices, and the like, or any learning that the student chooses not to make up may be reflected in the grades earned. Students being considered for suspension of more than 10 days will be given due process as described.

Expulsion From School

When a student is being considered for expulsion, the student will receive a formal letter of notification addressed to the parents. Students being considered for expulsion may or may not be immediately removed from school. A formal hearing is scheduled with the Superintendent during which the student may be represented by his or her parent, legal counsel and/or by a person of his or her choice.

Within ten days after notification of expulsion, the expulsion can be appealed, in writing, to the Court of Common Pleas. The appeal will also be formal in nature with sworn testimony before official(s) design-

ated by the Board of Education. Again, the right to representation is available. All opportunity to earn grades or credit ends when a student is expelled.

The Rossford Schools make a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, it is not appealable. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the principal.

Discipline of Disabled Students

Students with disabilities will be entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.)

SEARCH AND SEIZURE

Search of a student and his or her possessions may be conducted at any time the student is under the jurisdiction of the Board of Education if there is reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted without a student's consent.

Students are provided lockers, desks and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time. Locks are to prevent theft, not to prevent searches.

Computers and all information, programs, software and use

privileges belong solely to the school, and therefore are subject to review and inspection at any time without suspicion or cause. There should not be student expectations of privacy for any information contained in a school computer.

No strip searches will be conducted by any employee of the District, but may be conducted by law enforcement officials, if deemed necessary. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated.

STUDENT'S RIGHT OF EXPRESSION

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, non-commercial written material and petitions; buttons, badges, or other insignia; clothing and banners; and audio and video materials. All items must meet the following school guidelines:

Any material cannot be displayed if it:

- Is obscene to minors, libelous, indecent or vulgar
- Advertises any product or service not permitted to minors by law
- Intends to be insulting or
- harassing
- Intends to incite fighting or presents a likelihood of

disrupting school or a school event.

Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building. Students who are unsure whether materials they wish to display meet school guidelines may present them to the principal 24 hours prior to display.

STUDENT CONDUCT

The Rossford Board of Education has adopted a Code of Conduct for all students in the Rossford Exempted Village School. A violation of any rule may result in disciplinary action including, but not limited to, in-school suspension, out-of-school suspension, court referral, expulsion, compensatory payment of damages, detention, loss of bus privileges, loss of credit for assigned work or tests, assigned work related to the offense, suspension alternative program or Saturday School. Any student conduct which would constitute criminal conduct under the Ohio Revised Code is also a violation of the student conduct code. The rules also apply to any form of student misconduct directed at a district official or employee or the property of a district official or employee.

It is the Rossford School's responsibility to provide the educational opportunities for the students. Students have very definite obligations and duties when

attending school. No student can set his or her course of conduct which is detrimental to the equal opportunity of others to learn. Compliance with the rules and regulations in regard to dress, conduct, and respect for teachers and administration is a duty of every student.

At all times the right of each person to be secure and free from harm or threat of harm shall be considered a violation. Respect for the person and possessions of all students and staff members will guide the administration of this code of conduct.

The rules and standards set forth in this policy apply to conduct on school property, and to conduct at school activities of all kinds. This policy does not define all types and aspects of student behavior. However, the Board of Education and the Superintendent may establish written policies, rules and regulations of general application governing student conduct in all schools. In addition, each principal within his or her school may establish certain rules and regulations not inconsistent with those established by the Board of Education and the Superintendent.

A violation of any item in the Code of Conduct may result in loss of privileges, immediate suspension and/or expulsion. All procedures involving emergency removal, suspension and expulsion will be directed at protecting the rights of the student under Ohio Law and the Rossford Board of Education Policy.

The after-school detentions will be held from 2:45 to 3:45 p.m. Students will be given 24 hours of

notice of such a detention. The Junior High also has lunch detentions. Students assigned will serve during their lunch period. How detentions are assigned will be determined by the building principal. This list is not intended to be all inclusive of every situation that may occur.

Detentions may be assigned for the following as indicated:

1. Disrespect to school personnel (talking back, inappropriate tone of voice, mimicking, etc.).
2. 1st and 2nd accumulation of 4 unexcused tardys.
3. Minor disturbances of educational process (talking, making noises, etc.).
4. Tardiness to class.
5. Public display of affection (hand holding, kissing, etc.).
6. Minor vandalism (including, but not limited to: writing on desks, lockers, books, etc.) plus restitution.
7. Damage to private property (a student shall not cause or attempt to cause damage to private property at school or at any school activity on or off school grounds) plus restitution.
8. Cheating or plagiarism (a student shall not copy from the work of another student, use illegal notes, or claim as their own work the work of another). No credit will be given.
9. Loitering
10. Inappropriate use of language or topic of conversation in school.
11. Absence from lunch or leaving cafeteria without permission.
12. Any violation of class or cafeteria rules.
13. Choosing not to do assigned class work when a teacher has directed you to do so.

Absence From Detention

Students will be excused from detention for “just cause”, and be assigned at a later date, as determined by the administration. Such requests must come from the parents in writing (prior to the detention), stating the reason for the absence. Students will not be excused from a detention after the fact. Students who fail to attend an assigned session without an excuse approved by the administration may be assigned a Saturday School. In case of an excused absence from school on the day of the detention, the student will make up the session on the next available date. Students will not be excused for extra-curricular activities.

Level Two

Level two of the discipline policy encompasses student violations of the conduct code that are of a more severe nature. These violations will be handled by the administrator through the assignment of Saturday School.

SATURDAY SCHOOL

While not an exhaustive list, the following offenses are examples of cause for assignment to Saturday School or other disciplinary action as deemed appropriate:

1. Chronic tardiness (to be determined by teacher and/or building principal).
2. Truancy (leaving classroom or school grounds without proper authorization or permission).
3. Failure to appear for and serve assigned detentions.
4. Removal from classroom by teacher.

5. Being sent to the office for discipline by a teacher or other school employee.

6. Any physical altercation or horseplay that has potential to escalate into fighting.

7. Use of obscene or profane language (written or oral), gestures, signs, pictures, and publications.

8. Cutting or skipping classes.

9. Any conflict or verbal exchange of words between students that draw attention to themselves by other students or staff.

SATURDAY SCHOOL REGULATIONS

The information presented below is the set of rules and regulations regarding Saturday School.

1. Saturday School begins promptly at 8:30 a.m. and the normal dismissal time is 12:30 noon. Students arriving after 8:30 a.m. will not be admitted. Same code of conduct and dress code apply to Saturday School.
2. All students attending Saturday School are to remain seated until they raise their hand, are recognized by the staff, and are given permission to approach the staff’s desk.
3. All students will be given the privilege of visiting the restroom for a maximum of five minutes. Special circumstances will need to be discussed with the supervisor. Additional trips or staying beyond the limit of five minutes without permission from the supervisor will cause the student to be detained beyond 12:30 that day.
4. Students wishing to leave their seat for any reason may do so

only by obtaining permission from the supervisor before leaving their seat, to complete academic work.

5. Students who communicate in any way, by passing materials of any kind, not engaged in academic work, eat candy or food of any kind, or have their head down will be warned once and detained for an additional five minutes at the end of the session. A second warning will result in a detention of an additional ten minutes. Students who are found to be sleeping during Saturday School will be dismissed without warning and no credit will be given for the session. Students dismissed from Saturday School or voluntarily leave prior to completion of the session will be assigned an in-school suspension.
6. The Saturday School supervisors are in charge of the session and any failure or refusal to comply with their directions will result in disciplinary action. All regular school rules are in effect at all times.
7. Saturday School may be used as an alternative to out-of-school suspension or may be used in conjunction with suspension options. The initial decision as to the method of suspension will be at the discretion of the principal.
8. The rules listed above are not intended to be inclusive of every situation that may arise during Saturday School. Students and supervisors are reminded

appropriate student behavior is expected.

Absence From Saturday School

A principal may excuse an absence due to personal illness or extreme emergency. A parent or legal guardian must contact the administration on the answering machine (666-5254) or the following Monday between 8:00 and 9:00 a.m. If the absence is excused, the principal will reassign the student. For a second consecutive absence, the school shall require a valid doctor's statement in order to excuse the absence and reassign the Saturday School.

If absence from Saturday School is unexcused, suspension will result.

Level Three

Level three of the discipline policy is intended to deal with major violations of the conduct code. The administrator will handle these violations through suspension from school. While not an exhausting list, the following offenses are examples of major offenses:

1. Repeated minor offenses
2. Property damage plus restitution required
3. Insubordination
4. Use of profanity or yelling at a teacher
5. Profanity
6. Drugs, Alcohol, Tobacco, E-cigarettes, Vapes
7. Weapons and explosives
8. Theft plus restitution is required
9. Violence/Fighting/Assault/
Battery
10. Harassment
11. Hazing
12. Taunting/Bulling

In general, the following guidelines will apply:

1st Offense (3) Days out of school.

2nd Offense (5) Days out of school.

3rd Offense (10) Days out of school with possible expulsion from school.

Suspension may be served in two possible ways. Out-of-school suspension for which no credit will be given in any class missed or as an assignment to in-school suspension at the supervised school suspension program at the Juvenile Center located in Bowling Green.

Suspension

A. Before a student can be suspended for ten (10) days or less:

- a)** The principal will give the student actual written notice of the intention to suspend.
- b)** The student will have the opportunity to appear at an informal hearing before the principal to challenge the reason for the intended suspension or otherwise to explain the student's actions.

B. If determined, as a result of the hearing that the student should be suspended, the following shall occur.

- a)** Within twenty-four (24) hours of the suspension, the parent, guardian, or custodian of the student will be given written notification. Immediate contact of the parent may be made by telephone.
- b)** The notice will include:
 - i. The reason(s) for the suspension.
 - ii. The right of the parent, guardian, or custodian to appeal the action to the superintendent.

iii. The right to be represented in the appeal.

**THE WOOD COUNTY
JUVENILE DETENTION
CENTER SUPERVISED
SCHOOL SUSPENSION
PROGRAM (SSSP)**

This program is designed to assist the Wood County Schools by continuing the education and supervision of youth who have been suspended from school after we have made every attempt to help them at school. We will provide students with their assignments to be completed while in this program along with instructions.

Students will be allowed to turn in their work when they return to school, make up all quizzes and tests while assigned to SSSP, and receive credit for all of the above rather than a zero as in out-of-school suspension.

All SSSP students will be suspended from participation in all extra-curricular activities while they are enrolled in the program. This includes practice and contests.

Expulsion

Expulsion is any removal for more than ten (10) days. Only the Superintendent of Schools may expel a student. When the superintendent finds it necessary to expel a student, the following procedures will be utilized:

A. Written notice will be given to the student and his or her parent or guardian, or custodian.

B. The notice will include:

- a.** The written reasons for the intended expulsion.
- b.** That the student and parent, guardian, or custodian or

representative has the opportunity to appear before the Superintendent of his or her designee to challenge the expulsion or explain the student's action.

c. Time and place to appear – which must not be less than three (3) or later than five (5) days after the notice is given unless the Superintendent grants an expulsion.

i. If an extension is granted, the Superintendent is required to notify the student and the parents, guardian, or representative of the new time and place.

ii. The student and the parent, guardian, or representative of the new time and place.

C. Hearing is held – the student, the parents, guardian, custodians, or representatives are given the opportunity to defend against the charges.

D. Written notification of the decision is required, as it is for a suspension. The notice will include:

a. The reasons for the expulsion

b. The right to be represented in the appeal

Severity Clause

If a student's offense is a severe violation of the code of conduct, disciplinary action may be increased at the discretion of the administrator.

The administrator will use his or her best judgments to discipline students fairly that are involved in situations not specifically outlined in this handbook.

Removal From Class

A teacher may remove the student from class under the teacher's supervision, but not from the school premises.

Removal From School

(Emergency)

If the student's presence "poses" a continuing danger to persons or property or an outgoing threat of disrupting the academic process either within a classroom or elsewhere on the school premises, then:

1. An administrator may remove the student from curricular or extra-curricular activities or from the school premises.
2. A hearing must be held as soon as practical after removal, but within three (3) days after initial removal is ordered.
3. Written notice of the hearing must be given to the student as soon as practical prior to the hearing.
4. The hearing must be held in accordance with either the suspension or expulsion procedure depending on the probable action that will take place.
5. The person who ordered, caused, or requested the removal will be present at the hearing.

PROCEDURE TO RESOLVE

PARENT-TEACHER DISAGREEMENTS

Complaints about school personnel will be investigated fully and fairly. Anonymous complaints will be disregarded. Whenever a complaint is made directly to the Rossford Board of Education as a whole or to a Board Member as an individual, it will be referred to the Superintendent for study and possible solution. An employee who is the object of a complaint will be informed promptly and afforded the

opportunity to present the facts as he/she sees them.

The Goal of This Section Is:

- To establish a simple framework for addressing concerns.
- To provide for prompt resolution of concerns.
- To ensure that all parties will participate in a cooperative manner to resolve concerns.
- To ensure that most concerns will be handled without resorting to the procedure beyond Step 1.
- To assure that the system has a procedure to receive citizens' concerns in an orderly fashion to achieve the best possible educational program for students.

A. Step No. 1–Direct Conversation

If a parent has a disagreement or misunderstanding with a teacher, the parent should address the concern to the specific teacher directly involved with the circumstances surrounding the concern. The staff member will meet with the parent as soon as possible, but in no case longer than two (2) working days after the teacher has been notified of the concern. Subject to change by mutual agreement. The teacher shall report the results of the contact back to the building administrator using the appropriate form “Notice of Nature of Possible Complaint” – Master Agreement Form – Appendix “E”.

B. Step No. 2 – Fact and Possible Resolution

If a parent or the teacher is not satisfied with the outcome of Step No. 1 or the parent or teacher is unwilling to meet independent of an administrator, a meeting with the

teacher, appropriate administrator, and parent will be arranged at a mutually convenient time, but in no case more than five (5) working days after the meeting in Step No. 1. This step is to be informal and verbal. The staff member has the right to be at all meetings with or without a representative as he or she so determines. No further action will be taken beyond Step No. 2, unless the parent submits in writing a signed and dated statement of facts giving rise to this concern, the name of the accused teacher, and the remedy sought. The results of this meeting will be recorded on the appropriate form “Complaints Against Staff Members” – Master Agreement Form – Appendix “F”.

C. Step No. 3 – Formal Process

If a parent's concern is not satisfactorily resolved at either the first or second level, copies of all written complaints and responses will be forwarded to the Superintendent or his or her designee. At that time another meeting will be arranged at the convenience of the parent and staff member directly concerned, but in no case later than ten (10) work days (subject to change by mutual agreement). The staff member has the right to be at all meetings with or without a representative as he or she so determines. The Superintendent or his or her designee will supply written dispositions to all parties within five (5) working days. Copies of the disposition will be sent to all parties involved. The disposition may also be placed in the teacher's personnel file when deemed appropriate by the Superintendent. The teacher and parent shall be

informed if the letter is to be placed in the personnel file.

D. Step No. 4

If either party is still dissatisfied with the outcome of Step No. 3, the problem may be appealed to the Board of Education. The meeting will be held in executive session with only the board members and the affected persons present.

E. Misc.

Disagreements or complaints involving criminal conduct will not be subject to the disagreement procedure.

**PROCEDURE TO RESOLVE
STUDENT-TEACHER
DISAGREEMENTS**

Complaints or disagreements received from students will be resolved by the teacher and building principal and will not be subject to Parent-Teacher Disagreement procedure.

**ACCEPTABLE USE AND
INTERNET SAFETY POLICY
FOR THE COMPUTER
NETWORK OF THE ROSSFORD
EXEMPTED VILLAGE SCHOOL
DISTRICT**

The Rossford Exempted Village School District is pleased to make available to students access to interconnected computer systems within the District and to the Internet, the world-wide network that provides various means of accessing significant educational materials and opportunities. In order for the School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand

that one student's misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the School's teachers and other Staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access. Below is the Acceptable Use and Internet Safety Policy ("Policy") of the School District and the Information Technology Center that provides Internet access to the School District. Upon reviewing, signing and returning this Policy as the students have been directed, each student will be given the opportunity to enjoy Internet access at School and is agreeing to follow the Policy. If a student is under 18 years of age, he or she must have his or her parents or guardians read and sign the Policy. The School District cannot provide access to any student who, if 18 or older, fails to sign and submit the Policy to the School as directed or, if under 18, does not return the Policy as directed with the signatures of the student and his/her parents or guardians.

Listed below are the provisions of your agreement regarding computer network and Internet use. If you have any questions about these provisions, you should contact the technology directory. If any user violates this Policy, the student's access will be denied or withdrawn and he or she may be subject to additional disciplinary action.

I. PERSONAL RESPONSIBILITY

By signing this Policy, you are agreeing not only to follow the rules

in this Policy, but are agreeing to report any misuse of the network to the technology director. Misuse means any violations of this Policy or any other use that is not included in the Policy, but has the effect of harming another or his or her property.

II. TERM OF THE PERMITTED USE

A student who submits to the School, as directed, a properly signed Policy and follow the Policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students will be asked to sign a new Policy each year during which they are students in the School District before they are given an access account.

III. ACCEPTABLE USES

A. Educational Purposes Only

The School District is providing access to its computer networks and the Internet for *only* educational purposes. If you have any doubt about whether a contemplated activity is educational, you may consult with the person(s) designated by the School to help you decide if a use is appropriate.

B. Unacceptable Uses of Network

Among the uses that are considered unacceptable and which constitute a violation of this Policy are the following:

1. Uses that violate the law or encourage others to violate the law. Don't transmit offensive or harassing messages; offer for sale or use any substance the possession or use of which is prohibited by the School District's Student Discipline Policy;

view, transmit or download pornographic materials or materials that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, you should assume that all materials are protected unless there is explicitly permission on the materials to use them.

2. Uses that cause harm to others or damage to their property. For example, don't engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, "Trojan horse," "time bomb" or other harmful form of programming or vandalism; participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.

3. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet. For example, don't disclose or share our password with others; don't impersonate another user; don't connect wireless devices to the computer network or attempt to intercept wireless communications.

4. Uses that are commercial transactions. Students and other

users may not sell or buy anything over the Internet. You should not give others private information about you or others, including credit card numbers and social security numbers.

5. Uses that are destructive in nature to network or computer equipment and software (i.e. installing new or manipulating currently installed software).

C. Netiquette

All users must abide by rules of network etiquette, which include the following:

1. Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent or threatening language.

2. Avoid language and uses which may be offensive to other users. Don't use access to make, distribute, or redistribute jokes, stories, or other material which is based upon slurs, or stereotypes relating to race, gender, ethnicity, nationality, religion or sexual orientation.

3. Don't assume that a sender of e-mail is giving his or her permission for you to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should only be done with permission or when you know that the individual would have no objection.

4. Be considerate when sending attachments with e-mail (where this is permitted). Be sure that the file is not too large to be accommodated by the recipient's system and is in a format which the recipient can open.

IV. INTERNET SAFETY

A. General Warning:

Individual Responsibility of Parents and Users. All users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged pupils. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guide to materials to shun. If a student finds that other users are visiting offensive or harmful sites, he or she should report such use to the person designated by the School.

B. Personal Safety. Be safe. In using the computer network and Internet, do not reveal personal information such as your home address or telephone number. Do not use your real last name or any other information, which might allow a person to locate you without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone you "meet" on the computer network or Internet without your parent's permission (if you are under 18). Regardless of your age, you should never agree to meet a person you have only communicated with on the Internet in a secluded place or in a private setting.

C. "Hacking" and Other Illegal Activities. It is a violation of this Policy to use the School's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. It is a violation of the Policy to use any method and or methods to attempt to gain access to unfiltered

Internet content without the consent of district technology director. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates another applicable law or municipal ordinance is strictly prohibited.

D. Confidentiality of Student Information. Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or if the student is 18 or over; the permission of the student himself/herself. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by Ohio law, for internal administrative purposes or approved educational projects and activities.

E. Active Restriction Measures. The School, either by itself or in combination with Informational Technology Center providing Internet access, will utilize filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The School still also monitors the online activities of students. Monitoring may include but not necessarily limited to, visual observations of online activities during class sessions; or use of specific

monitoring tools to review browser history and network, server, computer logs. The term “harmful to minors” is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file or other visual depiction that

~ taken as a whole and with respect to minors, appeals to prurient interest in nudity, sex, or excretion;

~ depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals;

~ taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

F. Use of Web 2.0 Tools. Uses of blogs, podcasts and social networking or other Web 2.0 tools are considered extensions of the classroom and may be used with teacher direction and supervision. Whether at home or in school, any speech (or text) and or actions (such as altering another’s work without permission) that are considered inappropriate in the classroom is also considered inappropriate in all uses of Web 2.0 tools.

G. In Compliance with the E-rate requirements of the Children’s Internet Protection Act “CIPA.” Students shall receive age appropriate education by designated staff on the following.

~ safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications

~ the dangers inherent with the online disclosure of personally identifiable information

~ the consequences of unauthorized access (e.g., “hacking”) and cyberbullying awareness and response

Following receipt of this training, the student will acknowledge that he/she received the training, understood it, and will follow the provisions of the district’s acceptable use policies.

V. PRIVACY

Network and Internet access is provided as a tool for your education. The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such materials.

VI. FAILURE TO FOLLOW POLICY

The user’s use of the computer network and Internet is a privilege, not a right. A user who violates this Policy, shall at a minimum, have his/or her access to the computer network and Internet terminated, which the School District may refuse to reinstate for the remainder of the student’s enrollment in the School and or pay for any intentional destruction of network/computer equipment. A user violated this Policy by his or her own action or by failing to report any violations by other users that come to the attention

of the user. Further, a user violates this Policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The School District may also take other disciplinary action in such circumstances.

WARRANTIES/INDEMNIFICATION

The School District makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this Policy. It shall not be responsible for any claims, losses, or damages or costs (including attorney’s fees) of any kind suffered, directly or indirectly, by any user or his or her parent(s) or guardian(s) arising out of the user’s use of its computer networks or the Internet under this Policy. By signing this Policy, users are taking full responsibility for his or her School, the School District, the Data Acquisition Site that provides the computer and Internet access opportunity to the School District and all of their administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from the user’s access to its computer network and the Internet, including but not limited to any fees, or charges incurred through purchases of goods or services by the user. The user, or if the user is a minor, the user’s parent(s) or guardian(s) agree to cooperate with the School in the event of the School’s initiating an investigation of a user’s use of his or

her access to its computer network and the Internet, whether that use is on a School computer or on another computer outside the School District's network.

VII. UPDATES

Users, and if appropriate, the user's parent(s)/guardian(s), may be asked from time to time to provide new or additional registration and account information or to sign new Policy, for example, to reflect developments in the law or technology. Such information must be provided by the user (or his/her parent(s)/guardian(s) or such new Policy must be signed if the user wishes to continue to receive service. If after you have provided your account information, some or all of the information changes, you must notify the person designated by the School to receive such information.

HOMEWORK POLICY

Homework is an integral component of the learning process because it reinforces classroom learning. Homework refers to an assignment to be completed outside of class, such as at home or during study periods. The goals of homework include:

- Reinforcement and support of State standards and district benchmarks.
- Practice and reinforcement of lessons taught in class.
- Research projects or long-range assignments.

In the event that your child is absent from school, please use the following guidelines for making up the work.

If a student is absent two or more days, the guidance office, upon

request, will send notices to teachers to obtain work. It is the students or parent's responsibility to pick up the work and it **MUST** be submitted for grading on the day the student returns or within two days of being picked up, whichever is longer. Please note that teachers complete these requests during their planning and conference period, therefore, a 24-hour period is required to obtain work from teachers.

If a student is absent for a short period of time (1 day or less) they should request assignments from friends or from the teacher upon return.

For prearranged absences such as vacations, work is due upon return to school, unless special arrangements are made with the classroom teacher.

GRADING

The grading system utilized at the Junior High is as follows:

A = 4 points, excellent

B = 3 points, above average

C = 2 points, average

D = 1 point, below average

F = 0 points, failure

Pass = 0 points, satisfactory

Fail = 0 points, unsatisfactory

Grading Scale

A = 92 to 100%

B = 82 to 91%

C = 70 to 81%

D = 60 to 69%

F = Below 60%

Grading point averages are calculated every nine weeks. To calculate a student's GPA, multiply the letter grade value by the credit value to determine the quality points.

Total quality points and divide by the total credit value to arrive at GPA.

Credit Values:

- 1.0 credit for all year courses
- .5 credit for all semester courses (except PE)
- .25 credit for all nine-week courses and PE

ROSSFORD JUNIOR HIGH
